8601 Monticello Road  
Lenexa, KS 66227

A benefit for BAPAC  
(The Builders'  
Association Political  
Action Committee)

## Important Information About the Sporting Clay Shoot

Sporting clays is often compared to "golf with a shotgun," as no two sporting clay courses are alike – adding to the skill and challenge of the event! Sporting clays are meant to simulate the hunting of pheasants, duck, quail, and upland birds, and even rabbits. Targets are thrown from literally any angle and can be up to six different sizes to provide the experience of actual hunting conditions. Sporting clays are shot in teams of **2-5 people** and over a course of **12 stations**. **Any shotgun in safe working condition and capable of firing two shots may be used**. So come sharpen your hunting skills, enjoy some good BBQ, and maybe even win a prize!

Our **maximum team size is five shooters and the minimum is two**. The course will include **50 targets**. Ammunition is the responsibility of the shooter and can be purchased from Powder Creek (it must be **7½, 8, 8½, or 9 shot**).

All course **safety requirements** must be adhered to including the wearing of **eye and hearing protection**, which will be provided by The Builders' Association. Alcoholic beverages will be provided only after all shooting is completed.

**Sponsorships** are appreciated! Food and beverage sponsors will be recognized at the event. Station sponsors will have signage at individual shooting stations. All sponsors will be recognized throughout the event and in Modern Builder magazine.

**We will present awards for the Top Individual Score and Top Team Score. We will also present the following door prize: a One-Year Membership to Powder Creek (a \$150 value).**

**Trap shooting** will be available prior to the event as time permits (at an additional cost).
